Mrs. O'Bryen,

I'm searching for microbeads use in detecting pathogen such as viruses, or microbes. The assay system of interest is fluoro-immunoassay, but prefer "Liquid Array". Please perform the following type of searches:

1) Inventors search

2) Claim 10 using claim 1 (independent claim, which is a method of use) and claims 11-12 (dependent claims) as an aid. (All of which are attached)

Also attached are the Abstract & Fig. 7-9.
